LETTER OF TRANSMITTAL TO THE GOVERNOR.

STATE OF COLORADO.

OFFICE OF

THE BOARD OF CAPITOL MANAGERS.

DENVER, COLORADO, December 1, 1910.

TO HIS EXCELLENCY,

JOHN F. SHAFROTH,

Governor of Colorado:

Sir—We have the honor to submit for your consideration, and to be laid before the next General Assembly, the biennial report of the transactions of the Board of Capitol Managers.

Respectfully,

OTTO MEARS,

CHARLES J. HUGHES, JR.,

HARPER M. ORAHOOD,

JAMES WILLIAMS,

Managers.

WM. K. BURCHINELL,  
SECRETARY.

F. E. EDBROOKE,  
SUPERVISING ARCHITECT.

REPORT  
OF THE  
Board of Capitol Managers  
OF THE  
State of Colorado

---

Denver, Colorado, December 1, 1910.

To the General Assembly of the State of Colorado:

In compliance with section 7 of an act of the General Assembly of the State of Colorado, entitled, "An Act to Provide for the Erection and Completion of a State Capitol Building at the City of Denver, and Creating a Board of Management and Supervision," approved April 1, 1889, the board herewith respectfully presents the following report of its acts and doings for the years 1909 and 1910.

In preparing this report it has been the desire of the board to make it as brief and concise as might be consistent with a clear understanding of the manner in which the affairs of this department have been conducted during the biennial period ending November 30, 1910.

With this object in view, the following statements and estimates are submitted for the information of the Assembly and the general public, viz.:

An estimate for needed improvements on the building and grounds; for furniture and repairs and the proper care and maintenance of the Capitol.

An estimate of funds needed for the continuance of work on the Museum Building, and for the furnishing thereof.

A condensed statement of the condition of the appropriations for, and disbursements from, the following funds under control and disposal of the board of managers, viz.:

For Maintenance,  
For Building,  
For Furnishing,  
For Museum Building.

A summary of the accounts with the State Auditor and State Treasurer, and of warrants issued and redeemed.

A detailed statement of vouchers issued, showing date, name of recipient, fund on which drawn, nature of employment or expense, and the amount. These items are audited by the board at its regular meetings on the first Wednesday in each month, and, without their approval, duly recorded, no voucher can be drawn or issued. The expense bills must also be approved by the heads of the several departments, for whose use they are incurred.

### COLORADO STATE MUSEUM.

At the last session Senate Bill No. 240 was passed, with the title "For the purchase or condemnation of a site, and for the construction of a building thereon to be known as The Colorado State Museum, and to make an appropriation therefor.

Approved May 5, 1909."

A copy of this act will be found in the appendix to this report.

At the meeting held May 20, 1909, and especially called for the purpose of considering the purchase of the Museum site, it was resolved to buy the five lots on the southeast corner of Fourteenth avenue and Sherman street, for \$32,000.00.

On June 5, 1909, by order of the board, a voucher for the above amount was drawn in payment of said lots, and in favor of L. C. Greenlee, Frank N. Briggs and Leonidas D. West.

At the board meeting of October 2, 1909, the corrected plans for the Museum Building were adopted, and the Secretary was instructed to advertise for bids for the excavation for basement, sub-basement and foundation.

In response, the following proposals were received and considered at the meeting of November 5, 1909, viz.:

The Fraser, Richardson Stone Co.:

For stone foundation and Gunnison granite.....	\$56,000. 00
For concrete foundation and Gunnison granite.....	58,500. 00

Seerie Bros.:

For stone foundation and Gunnison granite.....	\$53,727. 70
For concrete foundation and Gunnison granite.....	56,727. 70

The Ladd-Sanger Co.:

For stone foundation and Gunnison granite.....	\$56,553. 00
For concrete foundation and Gunnison granite.....	63,813. 60

The M. F. Levy Construction Co.:

For concrete foundation and granite.....	\$66,700. 00
--	--------------

Stocker & Fraser:

For stone foundation and Gunnison granite.....	\$69,868. 00
--	--------------

The bid of Seerie Bros., for the excavation and for foundation of stone and Gunnison granite, being the lowest, the contract was awarded to them, and a bond in the sum of \$25,000.00 was exacted for the faithful performance of the work.

## STEEL AND IRON WORK FOR THE MUSEUM.

At the regular meeting held February 4, 1910, the Secretary was directed to advertise for bids for certain parts of the iron and steel work for the Museum Building,—two propositions being submitted: First. For all steel and iron work for basement and sub-basement. Second. For all steel and iron plates, bolts, nuts and washers, rivets, etc., including all columns, base plates, etc., but omitting the first floor beams and girders and first landing beams, but including any and all cast-iron,—all erected, complete and in place.

Four bids were received, viz.:

## Jackson-Richter Iron Works Co.:

1st proposition.....	\$14,000 00
2d proposition.....	7,500 00

## Seerie Bros.:

1st proposition.....	\$13,427 00
2d proposition.....	8,227 00

## American Bridge Co.:

1st proposition.....	\$13,045.00
2d proposition.....	8,045.00

## Des Moines Iron &amp; Bridge Co.:

1st proposition.....	\$13,384 00
2d proposition.....	7,742.00

It appearing that there would not be sufficient money available in the Museum fund (\$100,000.00) to put in the entire iron and steel work, and the bid of the Jackson-Richter Company being the lowest on the lesser proposition, the contract was awarded to them at \$7,500.00.

The terms of the above contracts have been fully complied with by the contractors, and the work has been accepted by the Board of Capitol Managers. It now remains for your honorable body to make provision for the completion of the building.

## IMPROVEMENTS NEEDED.

The board has in view a number of improvements that should be made as soon as funds therefor are available. The advisory architect has, at the request of the board, furnished estimates of the cost of improvements needed. The completion of the sub-basement, the repaving of the driveways about the grounds, the ornamental lighting of the grounds, are all urged and recommended by the board. From a business standpoint, however, the first and most economical thing to do is to complete the State Museum Building, and thus relieve the congested state of the Capitol, and also provide a heating plant capable of serving both buildings. The present plant is inadequate, worn out and dangerous, and if not discarded will call for a considerable expenditure

for repairs without any lasting service; the board therefore asks that an appropriation of \$475,000.00 be made for the completion of the structure.

Herewith is submitted a brief, but comprehensive description of the completed building, by F. E. Edbrooke, the supervising architect, and his recommendations for needed improvements heretofore referred to, as follows:

For plastering and fire-proofing of sub-basement..	\$20,000.00
For decorative lighting of grounds.....	5,000 00
For re-paving walks and drives around Capitol	10,500.00
For providing and placing balance of protective steel fencing about the lawns	500 00
For incidental repairs of Capitol.....	14,000 00

Denver, Colorado, January 4, 1911.

State Board of Capital Managers, room 17, State Capitol Building, Denver, Colorado.

Gentlemen—In the capacity of advisory architect to your honorable board, please find appended my report on present needs and certain recommendations suggested for the correction of the same, with regard to the State Capitol Building, and further find report of estimated costs and recommendations for the new State Museum Building, foundations for which have been recently completed. I have segregated the various portions of the report from one another, so that no confusion of requirements will result.

First, I find after careful estimation that to finish the State Museum Building there will be required \$475,000.00, according to accepted plans and specifications. This will finish the building completely, together with the tunnel to the Capitol Building, the removal of the present boiler plant in the State House, of which more will be said later, and the complete plumbing and lighting installation.

However, it will be possible with an appropriation of \$300,000.00 to complete the exterior walls, floors and roof, enclosing the building, construct the connecting tunnel hereinbefore referred to, and install the new heating and mechanical plant, comprising three 266-horsepower water tube boilers, which will be ample for all needs of power, heating, lighting and elevator plant, etc. All electrical generators will be removed to the sub-basement of the new building. Thus, all machinery in the Capitol Building will be motor driven from the source of power in the Museum Building. This will accomplish a great saving in fuel, cost of caretakers, etc.

This new boiler plant is necessary through the fact that the present boilers are of an obsolete pattern, some sixteen years old, and under the express direction of the State Boiler Inspector are not used under greater pressure than eighty-five pounds. As it is necessary from time to time to repair these boilers, and on ac-

count of their unsafe condition under necessary high pressure, and further owing to the fact that, as I have already called to the attention of your honorable board, a considerable mechanical plant will be necessary in the new Museum Building, I have thought it wise to consolidate the two plants, and serve the Capitol Building by means of the tunnel. This will save the cost of one complete equipment and its constant maintenance costs.

The Museum Building, when completed, will house the Grand Army, the horticultural, mineral and historical departments, and the space now occupied by them in the basement of the State House will very materially relieve the present congested condition of all of the other departments of the State.

I would especially recommend that an appropriation of at least \$300,000.00 be asked, if it is impossible to obtain the full amount to complete the building, for the reasons above stated.

Second. As you will note in my report to you of December 16th, I advocated that the entire sub-basement of the State House be plastered, and rooms should be equipped with steel doors, combination locks, thus making each sub-basement room fire-proof. This I strongly recommend, as the rooms can then be assigned to the Supreme Court, Secretary of State, Attorney General, Auditor of State, State Treasurer, Land Board, State Engineer, Insurance Department, Superintendent of Public Instruction, and other departments of note, and can also be used to preserve the records of the now abolished Court of Appeals.

These records are now all stored in the rough, unfinished sub-basement rooms, together with a vast quantity of records from all of the departments since the foundation of the Territory of Colorado, and its admission to Statehood.

To the end that these records be properly preserved, I submit the recommendation that this work be authorized at an estimated cost of approximately \$20,000.00.

This is work that I would suggest be done at the earliest possible date.

Third. My third suggestion would be the acquisition of an appropriation to provide decorative lighting for the Capitol grounds.

I would propose a scheme comprising the full and adequate illumination of the grounds by means of ornamental lamp standards, possibly something similar to the ones in use on Sixteenth street. These to be supplied with electric current by means of underground conduits, properly connected to a switch-board in the sub-basement of the Museum Building, or other points convenient of access to the engineer.

Fourth. The asphalt paving in the walks and drives about the Capitol Building on the Capitol grounds are in very bad condition, the asphalt coating on top seemingly worn out and cracked. I recommend that this top coating be removed and the

walks and drives be resurfaced with from one and one-half to two inches of new asphalt. These drives and walks are very unsightly, and it seems to me merit attention at the earliest possible date. The approximate cost of this work, I find, will be about \$10,500.00.

Fifth. An appropriation should be secured, if possible, to complete the balance of the protective steel fencing about the lawns. Part of this has been done with available funds from former appropriations, but there is much yet to be done to obviate the necessity for the use of stakes and wires, which certainly are not in keeping with the balance of the building and grounds.

I trust that the present Legislature will make the necessary appropriations to complete the work above referred to, and, if it is possible, to secure the entire \$475,000.00 for the entire completion of the Museum Building. The work will be completed before the Legislature again meets.

Respectfully submitted,

F. E. EDBROOKE,

Advisory Architect.

In addition to the foregoing, the following regular and necessary appropriations are respectfully asked for:

For an emergency appropriation to pay part of the expenses of the maintenance and support of the Capitol Building and grounds for the months of December, 1910, and January, February and March, 1911.....	\$16,000.00
For a regular appropriation for the same purpose, and for the balance of the biennial period.....	90,000.00
For replacing old furniture and carpets and supplying new furniture as required....	7,500.00

### NEW FURNISHINGS IN THE CAPITOL.

During the past two years the following have been provided:

A steel chest of drawers for the State Engineer, contract.....	\$185.00
New carpets in Rooms 35 and 36, 2d floor, occupied by Board of Charities and Correction, contract.....	202.40
Cocoa mats for entrances to all offices.....	
New carpet for Auditor's main office, contract.....	266.76
One double flat-top desk and two office chairs for Auditor.....	
One roll-top desk and office chair for Public Examiner.....	
200-Drawer filing case for State Bank Examiner, contract.....	450.00
Typewriter chair for State Land Board.....	
Steel filing case for Clerk of Supreme Court, contract.....	179.00
One book case for Bureau of Child and Animal Protection.....	
One revolving book case for office of Justice Bailey.....	
One Globe Cabinet for office Civil Service Commission.....	
One card index file system, with steel cabinet, for State Land Board, contract.....	122.59

One drafting board and typewriting desk for the State Highway Commission. ....	
One cabinet for filing applications, State Land Board, made by cabinet maker in building .....	
Four drawers for Printing Commissioner.....	
One towel rack, shelves, two desks and two signs for Board of Immigration ....	
One book case for Bank Commissioner, made by cabinet maker.....	
Twenty-four yards of carpet for office of Adjutant General.....	
Forty-nine yards of carpet for Attorney General.....	
Twenty yards of carpet for Treasurer's office.....	
Forty-two and one-half yards of carpet for State Land Board.....	
Nine and one-half yards of carpet for Auditor's office.....	
Two hundred and nine and one-half yards of carpet for various Committee Rooms...	
One hundred and fourteen and one-half yards of carpet for Justice Bailey's chambers	
The wooden flag-pole on the west front of the Capitol, having been decayed at the foot, was replaced by a pole of steel, contract price .....	200 0 0

All desks and chairs in the Assembly rooms have been washed and varnished, and the leather covered seats around these apartments cleaned and oiled. Furniture in all the offices has been carefully examined, and repairs made when necessary. This work has been skillfully done by the cabinet maker in the Capitol.

Carpets have been cleaned and relaid as follows:

In Adjutant General's Office,  
 In Coal Mine Inspector's Office,  
 In War Relic Department,  
 In Dairy Commissioner's Office,  
 In Attorney General's Office (Room 3),  
 In Board of Capitol Managers' Office.

### SECRETARY'S REPORT.

To the Board of Capitol Managers:

Gentlemen—I have the honor to present herewith a report of the receipts and disbursements on account of the Capitol Building for the fiscal years 1909-1910, showing the financial transactions from December 1, 1908, to November 30, 1910, inclusive.

All accounts were allowed by the board and certified to the Auditor, who drew his warrants on the State Treasurer for the amounts stated on each voucher, and in favor of the owner thereof.

Respectfully,

WM. K. BURCHINELL,

Secretary.

Denver, Colo., Dec. 1, 1910.

## APPENDIX

HOUSE BILL No. 111.

By MR. HILTS.

## A BILL

## FOR

An Act Making Appropriations for the Maintenance and Support of the State Capitol Building and the Grounds Surrounding and Belonging Thereto, for the Years 1909 and 1910, and for Replacing Old Furniture and Carpets, and Supplying New Furniture in the Various Departments of the Capitol Building, When Required.

*Be it Enacted by the General Assembly of the State of Colorado:*

Section 1. For the maintenance and support of the State Capitol Building, and grounds, of the State of Colorado, for the furnishing of fuel, light, water, telephone service, necessary supplies for the Legislature and State officers, for engines, boilers, elevator and electrical supplies, repairs, office expenses, pay of secretary and clerk, electrician, guides, watchmen, engineers, firemen, elevator pilots, janitors and janitors' supplies, foreman and laborers on grounds, etc., for the years 1909 and 1910, there is hereby appropriated out of the Capitol Building Fund the sum of eighty-eight thousand one hundred and sixty dollars (\$88,160), or so much as may be necessary.

Sec. 2. For the purpose of replacing old furniture and carpets, and supplying new furniture when required in the various departments, there is hereby appropriated out of the Capitol Building Fund the sum of six thousand dollars (\$6,000), or as much thereof as may be necessary.

Sec. 3. The Auditor of State is hereby authorized, and directed, to issue certificates of indebtedness for all claims duly audited and certified by the Board of Capitol Managers for material furnished and labor performed when there are no funds in the treasury at the time of the issuance thereof to meet the same. Said certificates of indebtedness to be payable out of the Capitol Building Fund, and out of the moneys appropriated for the maintenance and support of said Capitol Building and grounds. The faith and credit of the State of Colorado are hereby pledged for the payment of interest and principal of this indebtedness; and it is further provided that the said certificates of indebtedness shall be presented to the State Treasurer, who shall, thereupon, countersign and indorse the same, as bearing interest at the rate of five per cent. (5%) per annum, payable semi-annually from the date of presentation to the date of payment thereof; but in no event shall the certificates be in excess of the appropriations made for the maintenance.

Sec. 4. In the opinion of the General Assembly an emergency exists; therefore this act shall take effect and be in full force from and after its passage.

Approved April 26, 1909.

HOUSE BILL No. 115.

BY MR. HILTS.

## A BILL

FOR

An Act Making Appropriation for the Completion of the Capitol Building; for Necessary Improvements in the Building and on the Surrounding Grounds.

*Be it Enacted by the General Assembly of the State of Colorado:*

Section 1. There is hereby appropriated, out of any moneys in the treasury, being funds collected by levy or otherwise for the completion of the State Capitol, and from such other funds as make part of what is known as the "Capitol Building Fund," and not otherwise appropriated, the sum of thirty thousand and seventy-six and 88/100 dollars (\$30,076.88), or so much as may be necessary, as follows:

For partitioning Court of Appeals room.....	\$ 1,745.00
For plugs and hose on grounds.....	600.00
For wiring in attic and steps and on grounds..	6,680.00
For repairs on boilers.....	2,000.00
For improvements in building and on grounds.	5,000.00
For balance due city of Denver account Twen-	
tieth street sewer .....	14,051.88
	<hr/>
	\$30,076.88

Sec. 2. The Auditor of State is hereby authorized and directed to issue certificates of indebtedness for all claims duly audited and certified by the Board of Capitol Managers for material furnished and labor performed in and about the completion and improvements of said building; when there are no funds in the treasury at the time of the issuance thereof, to meet the same, said certificates of indebtedness to be payable out of the Capitol building fund, and out of the moneys appropriated for the completion and improvements of said Capitol building. The faith and credit of the State of Colorado are hereby pledged for the payment of interest and principal of this indebtedness, and it is further provided that the said certificates of indebtedness shall be presented to the State Treasurer, who shall thereupon countersign and indorse the same as bearing interest at the rate of five per cent. (5%) per annum, from the date of presentation to the date of payment thereof; but in no event shall the certificates be in excess of the appropriations made for the completion and improvements of said building.

Sec. 3. On the tenth day of each and every month, if there be funds in the treasury to pay any certificates of indebtedness provided for in the foregoing section, the Treasurer of State is hereby required and directed to give notice, by advertisement in a newspaper published in the city of Denver, designating the certificates by number, in order of their presentation to the State Treasurer, and indorse thereon which the funds in the treasury

will pay. At the end of thirty days from the date of the last insertion interest on the certificate so named, as being payable, shall cease.

Sec. 4. All acts and parts of acts inconsistent with the provisions hereof are hereby repealed.

Sec. 5. In the opinion of the General Assembly an emergency exists with regard to the matters provided for in this bill, and therefore this act shall take effect, and be in force, from and after its passage.

Approved April 26, 1909.

HOUSE BILL No. 106.

BY MR. HILTS.

### A BILL
